

A leader doesn't follow steps
... he marks the way

WHAT IS AN ATTENUATOR? An

An impact attenuator with a cushioning impact modular system. It's more effective because it doesn't rebound on vehicles. It's categorized as a suitable product according to regulation.

When it's filled with water, it can resist minor impacts and when it's filled with sand, it can absorb bigger, stronger, and frontal impacts (those called mortal).

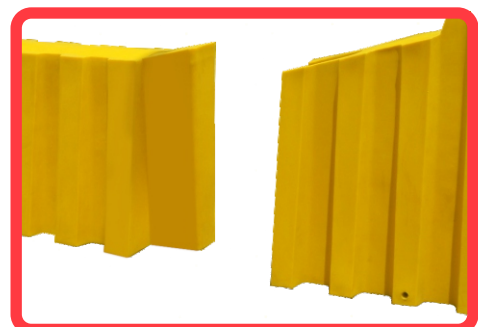

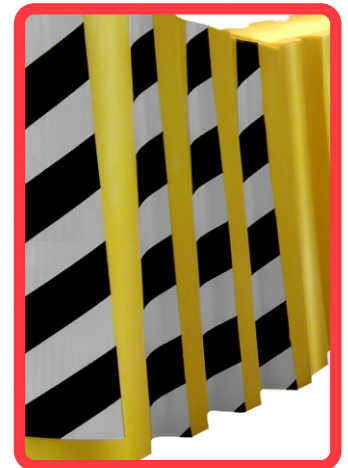

It's recommended as an impact attenuator in avenues and highways specially in crossroads, junctions, detours and merges.

Features

- Crash cushion that helps to detour traffic and it has a cushion impact system.
- All weather resistant: heat, snow, floods, extreme temperature changes and UV ray protected.
- In minor collisions, it recovers its original form. In bigger crashes, it absorbs part of the impact effects.
- It has reflective of high retro-reflection to improve visibility at night.
- The attenuator can be filled with water or sand.
- It has a top cap for fill-in and a drain valve below.
- Solid structure of one piece manufactured.
- The impactor module has another behind for a best cushioning effect.
- It complies with the standard NOM-008-SCT2-2013.
- Also has a flashing solar lamp embedded in its front module.

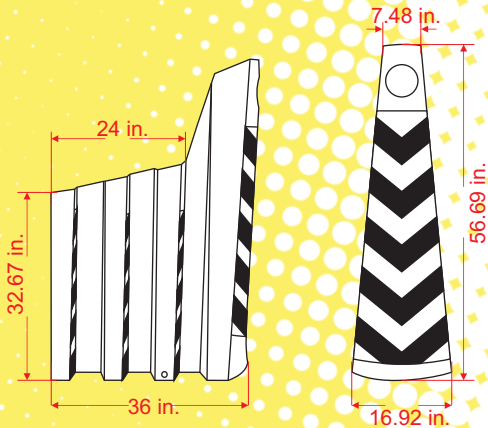

NEW SOLAR POWERED ITEM

- The illuminated system is auto-rechargeable, it turns on automatically at night and turns off in the daytime.
- Its avant-garde design contains a bigger solar panel that increases illuminated LED's signal.
Great visibility in any weather condition.

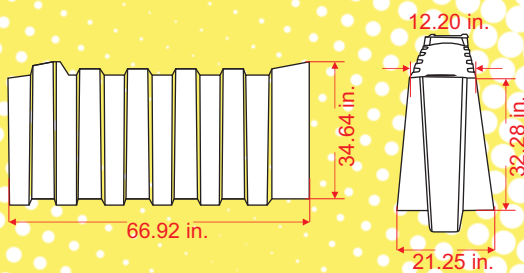

Volumes, dimensions and other measures are nominal and may vary approximately 2 %.

ATTENUATOR

UNIVERSAL MODULE

Measurements

Front of the attenuator:	Length: 3 ft Width: 1 ft 9.25 in. Height: 4 ft 8.69 in.
Universal Module:	Length: 5 ft 7 in. Width: 1 ft 9.25 in. Height: 2 ft 8.28 in.
Reflectives (optional):	Prismatic (Engineer Grade)
Reflectives colors:	Black and white.
Manufactured in:	Medium-density polyethylene.
Volume Universal Module:	21.13 US gal
Volume impactor module:	31.74 US gal
Weight Universal Module (empty):	66 lb.
Weight impactor module (empty):	77.16 lb.
Color:	Yellow.
Reflective (optional):	Engineer Grade
