

DELINEATOR POST

Code: R-1145-LUZ

WHAT'S A DELINEATOR POST?

Day and night warning signaling for pedestrians; it is recommended in events, and low-pedestrian flow. Heavy base avoiding to turn over with the wind.

Used to indicate a risk situation or delimit specific areas.

The main function of this item is prevent vehicles from invade prohibited zones, demarcate reserved areas; working as a safety road delineator in places like bike lanes, parking lot entrances or even to create pedestrian crossings.

Useful in highways, avenues, roads, routes, circuits and restricted zones, such as construction areas or road signaling.

The best of everything is that doesn't require maintenance, this can be flexible or fixed; with an empty base or filling with sand.

FEATURES

- Manufactured in linear polyethylene.
- Great resistance to environment and extreme temperature changes with UV-protection.
- Orange post or black post with amber reflective rings.
- Hexagonal heavy base in black, providing stability and resistance to winds.
- Two high quality reflective rings, optimizing night visibility.
- With an integrated reflective sheeting on the upper part, adding reflection to the road where a plastic chain or road tape can be installed.

ELECTRIC SYSTEM

- **Lighting:**

External top; 4, 5 or 6 LEDs with conic optics to increase light reflection.

- **Power:**

Electronic via 4 alkaline D type batteries with automatic ON/OFF protection, sensibility to environment's light.

DELINEATOR POST

Code: R-1145-LUZ

MEASUREMENTS

Dimensions, and other measures are nominal and may vary by + / - 2%.

- Made of**
 - Linear Polyethylene
- Post color**
 - Orange or black
- Post Measurements**
 - Diameter 4.1 in
 - Height: 3.9 ft
- Base Material**
 - Linear Polyethylene
- Base Measurements**
 - Length 15.7 in
 - Height 3.9 in
 - Width 7.8 in x side
- Base color**
 - Negro
- Reflective (optional)**
 - 2 rings in white or amber of 1 in (height) and Ø3.1 in
- Total Weight (Empty)**
 - 3.571 lb
- Total Weight with sand**
 - 19.312 lb
- LED color**
 - Amber, red or white
