

## FLEXIBLE VERTICAL PANEL 135

Code: VF-135

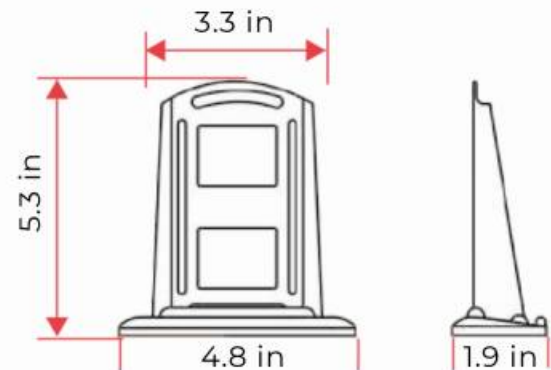

### FEATURES

- Temporary flexible vertical panel: an excellent option for immediate use.
- It works as temporal signage in bumps or places in bad conditions.
- Their size, weight and flexibility are perfect to set on car trunk.
- Highly visible colors.
- Available in 2 measures.
- Manufactured in ViTem-Flex®.
- It has a high resistance to run overs of vehicles, thanks to the flexibility.
- Recovers original shape after impact and recovers completely.
- High durability
- Equipped with high intensity reflective sheeting to improve night visibility.
- Available in 2 presentations: self adhesive or with reinforced PVC base, making it permanent.
