

TWO PIECE - RAINCOAT

Code: RAIN CORT-PC02

WHAT A TWO PIECE RAINCOAT IS?

Two piece raincoat, composed by a jacket and pants, essential clothing for workers in rainy conditions or conditions that require visibility.

The two piece design offers comfort and versatility, always allowing free mobility and maximum protection.

Ideal to use in works and construction environments.

FEATURES

- Manufactured in PVC, provides protection against rain and climate inclemency, allowing a prolonged life span in demanding environments.
- Equipped with reflective strips of 2" of width: two in sleeves and torso, four in pants (two around each leg), maximizing visibility.
- Integrated hood that offers additional protection against rain and wind without losing comfort.
- Closing with clasp for a fast and safe use, easy access to wear and remove.
- Pants has adjustable suspenders, adapting to different body types and facilitating mobility.
- Available sizes: 40 & 44.
