

## LANE SEPARATOR WITH FLEXIBLE POST

Code: ICV-81

### FEATURES

- Special for counter flow lanes, and to separate heavy and light traffic.
- The lane separator measures 31.4 in and the flexible post 19/25 in made of Vitem-flex®.
- Easy to handle, store and transport.
- Resistant to UV rays, humidity, oil and extreme temperature changes.
- Maintenance free.
- Contributes to a safer environment.
- Great Durability.
- Ideal for all type of surfaces.

### FLEXIBLE POST

- Its main feature is to recover its original shape after run over.
- It has 2 or 3 reflective rings in white color for more night visibility.
- Its easy installation requires 2 steel anchors (not included).
