- |                                 |   |
|---------------------------------|---|
| <b>Total</b>                    | <ul style="list-style-type: none"> <li>• Height: 3.4 ft</li> <li>• Base <math>\varnothing</math> 7.0 in</li> <li>• Top <math>\varnothing</math> 2.3 in</li> </ul> |
| <b>Reflective Tape</b>          | <ul style="list-style-type: none"> <li>• Ring 2.3 in x 7.0 in</li> </ul>  |
| <b>Color of Reflective Tape</b> | <ul style="list-style-type: none"> <li>• Amber or white</li> </ul>  |
| <b>Weight</b>                   | <ul style="list-style-type: none"> <li>• 2.292 lbs</li> </ul>   |

### ANCHORING

1. Mark the 4 boreholes using a 3/4" drill bit for concrete, and the base of the post as a template.
2. Drill the designated area to a 7" depth, insert the anchors on the boreholes and place the delineator post.
3. Insert the 3/8" screws and flat washers, then tighten the 4 screws with the help of a 9/16" socket wrench.  
DONE!
