

STREET SIGN 91

Code: NOM-91

WHAT STREET SIGNS ARE?

Indicate users the names and road types, demarcation where you are located, traffic way and in some cases numbering of houses.

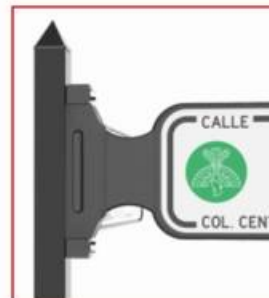

Placed on existent or own pole/post at the corner of urban junctions.

Basic information includes:

1. Road Type: As avenue, street, and others.
2. Name of the road: option to use common abbreviations, in case caption doesn't fit.
3. Type and name of neighborhood.
4. Zip Code.
5. In some places is added an emblem and name of demarcation.
6. And in some cases, house numbering.
7. Option to add QR code of geo-location to explore more about the zone where you're located.
