

LUMINOUS SIGNAGE

Code: L-IMA-2

WHAT ARE THOSE?

These are the ideal solution to publicize businesses, and entities in a conspicuous and effective way. In the commercial field, these attract user's attention, standing out the presence of any place.

In government sector, these are suitable to greet or to bid farewell in entrances or exits of entities, creating names and logos amazingly.

Luminous signage are distinguished due its versatility, adapting to different needs and ensuring that your brand, places or entity is always seen and remembered.
